**Subject:** Uber Cease and Desist Order

Commissioners:

Please release the Cease and Desist order against Uber. By putting controlling regulations and barriers up, you are preventing the free market from winning in its natural form. You are picking winners and losers. I have heard of these orders across the country, but never did I expect it in a "free market" state like South Carolina. By siding with the taxi cab unions, you are essentially giving the citizens of South Carolina one choice when driving is not an option. The choice that you have given them is dirty cars, expensive fares, and drivers who hate their jobs so much that they take it out on their customers. I cannot image how much groups like SADD and MADD will be fighting this because you have now lessened the options for a safe drive home rather than drinking and driving. I truly hope that you will reconsider your vote and will allow the free market to run its course.

Sincerely,

Vanessa Anderson
